

HEALTHY MINDS GROUP

SPONSORSHIP APPLICATION

"Tackling Teen Bullying to Initiate Thriving Relationships"

Healthy Minds Group is a joint initiative to offer effective solutions to today's challenges with stress management and conflict in social relations. We are excited to partner with local entities for our Healthy Minds Group community presentation. We wish to offer you the benefit of supporting mental wellness transformation as you reach a wider audience , build new connections, and illustrate your allegiance to investing in the lives of your clients.

Healthy Minds Group: "Tackling Teen Bullying to Initiate Thriving Relationships is being held at the Meyera E. Obendorf Central Library Auditorium on May 20, 2023. This initiative will support our local Virginia Beach domestic violence shelter, Natalie's Place, to expand it's services and local wellness practice, Madam Uplift, to launch additional community events that push stress management to the forefront of public safety.

By aligning with our speaking presentation to help reach our \$10,000 event target, you are helping teens and their support systems to learn de-escalation tactics and mental shifts which can save lives and prevent tragic outcomes that damage society.
